Forgiveness Bibliography

Michael Scherer
Kathryn L. Cooke
Everett L. Worthington, Jr.

This bibliography represents our ambitious attempt to accumulate an up-to-date bibliography of forgiveness and forgiveness-related scientific literature and to organize it into a directory (by topic), which can facilitate research. This includes, but is not limited to, scientific journal articles, book chapters, dissertations, and books in the field. In consideration of space, we chose to omit dissertations when it appeared that the dissertation study had been published in a refereed journal. We understand that, despite our efforts to be comprehensive, many important journal articles, books, dissertations, and book chapters may have been inadvertently overlooked. As such, we offer our most sincere apologies to all researchers and authors that were excluded from this endeavor. Please, forgive us.
